

BATES WHARF | OFFICIAL SESSA MARINE DEALER FOR THE UK

Over 50 years of experience, all enclosed in what has been defined the “Cross Over” boat that will impress and reflect Mediterranean customers’ needs as well as new overseas markets requirements. This coming Fall, Sessa Marine in fact, thanks to the knowledge gained in these past years in Asia and the Americas, will officially unveil an innovative and versatile product that will satisfy every customer desire.

10 years has passed since Sessa Marine first designed the ‘Oyster 42’, a model that allowed the company to enter into a new market segment, experience it and getting all the know how to become the market leader; the C42 is the result, the next generation product born with the support of a direct experience in global markets, which ended up to combine design, practicality and flexibility.

WHEN VERSATILITY COMES FIRST

Thanks to her multi-purpose features the new C42 will be able to suit every market requests: Properly studied to allow Mediterranean clients to benefit outdoor areas by offering a convivial cockpit characterized by a spacious “L” shape sofa that turn into a sunbathing area, a friendly use and solid electric bimini top to increase protection at aft, together with her wide sun pad at bow, this state of art project is deeply focusing also on overseas clients, usually effected by strong humidity and willing to have conditioned areas, who will instead enjoy the comfortable and charming salon in the main deck without losing their private view of the sea guaranteed by her huge panoramic windows and a full beam glass window door that maintain conviviality with the cockpit.

Last but not least, her spacious and practical hydraulic platform will result as an additional area to enjoy the amusement time at the same time offering place to storage a jet tender.

DESIGN TO EMPHASISE LIVABILITY AND FUNCTIONALITY

The new C42 has been studied to guarantee every type of comfort on board without sacrificing design in any of her areas:

Starting from the top, the delightful salon in the main deck, enriched by a fully equipped bar furniture including also a 40 inches folding TV, is characterized by a comfortable sofa able to turn into a sofa bed in case of extra guests on board. An ergonomic pilot seat with a fully equipped dashboard offers instead to the owner all the privileges to best enjoy its cruise.

Located in the lower deck, on portside, just underneath the impressive windshield, to fully enjoy the natural light coming in, a spacious galley considered the biggest for her category where 120lt refrigerator, dishwasher and combo oven are just some of the examples to describe customization options offered to tailor the area according to customers' requests.

2 cabins with direct access to their private and roomy heads with separated showers, complete the offer of this new boat; master cabin in particular, located at bow stands out for the height of her ceiling: 2 meter.

ONE BOAT, DESIGNED TO CUSTOMIZE YOUR DREAMS

Sessa Marine, always keen at global market demand, offers in addition to the classic version with cockpit convertible in a big sun pad, a new customization of the stern zone.

BBQ "VERSION": Strategically located at aft, in order to be next to sea, minimizing cockpit damaging, and avoiding the bothering cooking smells, the new BBQ furniture will guarantee the owner and his friends to fully enjoy the lunch break in a different way, always experience it as a nice private party with a premium class position.

The furniture, beside the big grill will be equipped with sink and a practical working top to properly prepare the meal before grilling it!

The new C42 is powered with VOLVO PENTA IPS 400 Hp offering joystick as standard; to increase performance IPS 500 Hp is available as option
