Rand Picnic 18

Boat Description

This electric inboard model Rand Picnic 18 features an elegant and minimalistic design with a true Scandinavian feel. It boasts sleek hydrodynamic and graceful lines. This very social day boat allows the driver to enjoy the day alongside guests onboard. The center picnic table converts to a sunbed. It has had one owner from new, has low engine hours, and has been used in fresh water. Currently lying in Chertsey and is dealer approved.

Design and Usability

The Picnic 18 perfectly marries simplistic Scandinavian aesthetics with user-friendly functional solutions. This is exemplified through the scenic teak-fitted aluminum steering console, which displays only the most necessary features: the intuitive throttle, a lush stainless steel steering wheel, and a marine stereo. It is plug-and-play and easy for all to use.

General Information

The Picnic 18 was designed to offer the most compelling sailing experience with maximum usability. This elegant 18ft open day cruiser is an affordable, low-key luxury boat that provides a new way to experience social interactions with friends and family while sailing, thanks to its unique interior design combined with high usability.

Hull

The lightweight hull makes it easy to transport by trailer. Its large storage compartments can hold items such as canvas cushions, life vests, bathing towels, and your fully equipped picnic basket. This low maintenance motorboat is

incredibly easy to maneuver and requires no sailing license or experience to use and sail the Picnic 18.

Console

Positioned adjacent to the center table, the delicate aluminum steering console is accessible from both sitting and standing positions, providing a pleasant steering experience.

Sunbed

By lowering the center picnic table and laying across a custom four-cushion sun lounge, the front part of the Picnic 18 transforms into a spacious 200 x 180 cm sunbed, perfect for a relaxing nap or drying off in the sun after a refreshing dip in the water.
