## Features

### 2024 Beneteau Flyer 10

The 2024 Beneteau Flyer 10 is the flagship of the range, combining a live-aboard powerboat with a dayboat concept. This stylish and sporty large outboard powerboat offers thrilling experiences and four spacious living areas for everyone to enjoy. Equipped with 2x Mercury V300 outboard engines, this boat features a great specification including joystick control. TOTAL RETAIL PRICE £306,900 // STOCK BOAT PROMOTION £290,000 Inc VAT

### Design and Features

The Flyer 10 is as visually appealing as it is comfortable to live aboard. Its taut lines are accentuated by a full-beam windshield with side panes. The driving station accommodates four people facing the sea, featuring two bolster seats beside the console and a double seat on the port side. The cockpit offers increased space and modularity, with foot-rest seats and an aft bench that folds back quickly to create a large sunbathing area overlooking the swim platform. A rigid T-top or bimini can be installed for protection in this area.

With a smart walkaround concept, the Flyer 10 ensures easy movement on board while prioritizing safety. The asymmetric single port walkway provides a larger deck space, a vast sunbathing area for three people, and an exceptional amount of cabin space.
