Asking price reduced from £39,995 to £36,500 November 2025.

The Bayliner Bowrider VR6 is all about space and unparalleled roominess. It combines Bayliner's category-leading BeamForward design and new AftAdvantage concept-which increases the self-draining cockpit's seating area by adding the swim platform at the end of the running surface. This boat optimises space and value like never before. It comes equipped with a stereo, fridge, space for a porta-loo, wakeboard tower, and ample storage space, ensuring a perfect day out on the water!

You'll also find pleasant surprises like a lockable enclosed changing room (head optional), and aft-facing companion/observer seat that's ideal for water sports and-with the addition of a filler cushion-creates a comfortable U-lounge that turns the whole aft section into an inviting gathering area.

Key Features

- The BeamForward design, featuring high gunnels, enhances passenger space, increases under-seat storage, and improves onboard safety.
- Thanks to the innovative AftAdvantage layout, the cockpit is exceptionally spacious, offering more room to relax and move around.
- Flexible cockpit seating easily transforms into a comfortable U-lounge with the addition of an optional filler cushion, perfect for socializing.
- An enclosed changing room with an optional port-a-potty adds convenience typically reserved for larger vessels.

- The integrated swim platform comes standard, with an optional extension available. Positioned further aft than on similar models, it increases interior space while creating an ideal launch point for water sports.

Price Information

The price shown includes VAT, but this boat is VAT recoverable where applicable.
