## Features

### Cerberus

Presented in as new condition with very low hours at just 80 engine hours (at time of advert) This Beneteau Antares 11 OB was sold new by Bates Wharf in May 2023. The boat has had one owner from new and is fully sorted with a full-service and maintenance records, 52 hours first-year major service, and out of water maintenance April 29th 2024 and service 31st March 2025 with 80 engine hours second-year major service. One owner from new, boat has been meticulously look after by its current owner.

This boat was commissioned May 12th, 2023, the boat carries a 3 year parts and labour warranty and 7 years hull and deck warranty, starting from May 2023. Mercury warranty May 2028 - Beneteau Hull warranty May 2030. Under the Mercury warranty, Holes Bay Marine has changed and fitted new parts on both engines 2 x Pedestals, 2 x Driveshaft housings, 2 x Mount cradle, 8 x mounts 1 port complete gearbox and water pump, 1 starboard complete gearbox and water pump 2 x Spacer kits, these engine parts have 0 hours and a bonus for any new owner.

With a length overall of 11.06 metres, the flagship of the Antares fleet is the perfect illustration of a family cruiser. Safe, ideal for cruising, and seaworthy, the contemporary design of this powerboat focuses on comfort and space, as well as safety and innovation.

Powered by twin Mercury Verado 4.6 L V8 four-stroke 300HP petrol outboard engines, providing a top speed of approximately 40 knots and an optimum cruising speed of 25 knots. The engines carry the Mercury 5-year warranty, the engines have been fully serviced and maintained and have been fresh water flushed after every run.

Notes on outboards: -Â With outboard engines as an owner, you will have peace of mind that your propulsion system is out of the water when not in use, unlike inboard engines with sterndrives, these suffer marine growth and corrosion with being constantly submerged in sea water, this reduces the boats performance and increase maintenance costs. The Verado outboard engines have an engine power to weight ratio of 1.09hp/Kg, this is twice the power to weight ratio of an equivalent inboard engine.Â

Mercury SmartCraftÂ system and Joystick Piloting is an intuitive steering system that places throttle, shift and steering at your fingertips in a single touchpoint. The joystick provides 360-degree control, enabling you to move this boat sideways, forward, backward and diagonally or rotate it in place., along with Skyhook digital, uses GPS to lock in and maintain your position and heading, regardless of wind or current, with the push of a button, along with the backup of a SidePower bow thruster.Â

SeakeeperÂ The boat has been fitted with a Seakeeper 2 Gyro represents the pinnacle of stabiliser technology, engineered by the world's leading experts in gyroscopic stabilisation systems. One of the key advantages of Seakeeper stabilisers is their ability to virtually eliminate up to 95% of boat roll. By harnessing the power of advanced gyroscopic technology, Seakeeper units effectively counteract the motion caused by waves, wind, and other external forces. This reduction in roll not only enhances onboard comfort but also mitigates the risk of motion sickness, allowing everyone on board to enjoy a smoother and more pleasant experience on the water. This is a £33,500.00 addition to the boatâ€™s specifications.

SimradÂ Halo 20 + pulse compression dome radars, with Simrad NSS evo3 16 GPS Chart plotter and hull mounted Sonar sensor fitted. This 16-inch, full HD display offers a large and clear view of charts, radar, sonar, giving ultimate visibility and control from the helm.Â

GarminÂ Â VHF 215i Marine Radio Displays Automatic Identification System (AIS) on the chart plotter Standard Class D Digital Selective Calling (DSC) functionality (distress calling and direct calling with user-programmed MMSI) In case of trouble, DSC may improve your chances of a rapid rescue.

Â

ZipwakeÂ Dynamic Trim Control System, intuitive and precise control of the boatâ€™s running trim, heel and heading. The system is fully automatic and significantly enhances the boatâ€™s performance, fuel economy, comfort and safety.

Solar panels, 3 x 130W factory fitter roof SOLARA solar panels, the 390watt system is designed to charge the house and Seakeeping batteries, reducing the need for shore power, and charging the batteries whilst moored up, or at anchor.Â

Â

Solid slatted teak wood, factory fitted on fore deck, port side deck, rear cockpit floor and drop-down platform, and the starboard side deck. Not only does it enhance the look of the boat, teak wood is highly durable and can withstand the rigors of marine environments. It resists decay, rot, and insect damage, making it an ideal choice for boat decks exposed to water, sunlight, and salt, and is cool to walk on in hot sunny days.

Â

CoppercoatÂ antifoul, is the most durable and long lasting anti-foul coating available. A single treatment of this water-based and VOC-free resin commonly provides a high level of fouling protection for a decade or more.Â Â The boat has been Coppercoat , as an owner you will save time and expense of the repainting associated with traditional anti-fouls.

Â

Sailing and moving around the boat is made easier by a flush deck between the cockpit and the offset wheelhouse. It is also safe thanks to the height of the free boards and free-flowing due to a full-width starboard walkway, this boat has been factory fitted with all the deck areas fully fitted with teak decking.Â Â

Â

This model can sleep five people in the two main cabins, ownersâ€™ double cabins and an aft double plus single in the aft cabin. The boat has separate heads, with a Corian worktop, bowl sink with a separate shower and fresh water electric toilet. The boat offers a spacious saloon for the boatâ€™s size, with a dinette that converts to a large berth and a forward-facing double seat. There is a side-opening helm door giving access to starboard side deck and pilot door, allowing access to the pontoon for easy mooring. From the saloon, quad folding sliding doors lead directly to the cockpit.

This boat offers a spacious cockpit and offers plenty of seating with a back bench seat that slides rearwards to create a large entertaining space. This seat can also be arranged into an aft sun pad, the boat also has a starboard dropdown swim platform, also extending the entertainment area.Â Â With a wide starboard side deck leading to the large bow area with a sunbathing pad and front facing Bimini.

Fusion Stereo with cockpit speakers, Ceramic hob, sink, 2x fridges, Microwave combi oven, Webasto air diesel heating, front screen demisters, electric freshwater toilet, saloon table, cockpit cushions, front Bimini, bow sun pad with covers, rear deck area roll up camper covers, and waterproof seat covers, electric windlass with chain counter, 8 fenders in dedicated fender locker.

Presented in as new condition with very low hours at just 80 engine hours (at time of advert)Â Â The boat has had one owner from new and is fully sorted with a full-service and maintenanceÂ records, 52 hours first-year major

service, and out of water maintenance April 29th 2024 and service 31st March 2025 with 80 engine hours second-year major service.
