Leisure 28 invites everyone onto a platform of relaxation with an excessively appropriate layout where the large triple aft sun lounge, expandable oversize u-sofa, full kitchen and 2-split door toilet make up the cockpit, and the spacious 2 person luxury cabin make up the lower deck. The dedicated kitchen & bar forms the center of entertainment and hanging out. Easy to bring cold refreshments and a bite to eat. The lightweight construction is fundamental for a boat to achieve superior performance and low consumption of fuel or electricity depending on engine selection. The RAND

Leisure consumes significantly less than traditional boats and will be the environmentally friendly choice within the watersport boat-category even if choosing a gasoline engine. We use materials developed from recycled plastics and bio-based hybrids to optimize the environmental impact and create the best possible solution.

Total Boat Value:£198,250 //£ STOCK BOAT PROMOTION:£149,950 VAT PAID
