Description

Welcome the brand new instalment of the Legendary line - Eagle 6.7. This new model inherited all the best features of the predecessor and evolved into the best family RIB of this size in the World. Sometimes, small changes make a big difference, that's the case for Eagle 6.7. The deep V hull is completely redesigned to improve seaworthiness, handling and stability. A brand new multi-purpose navigation mast adds a touch of elegance and highlights the renewed Eagle line DNA.

Features

Summary

Welcome the brand new instalment of the Legendary line - Eagle 6.7. This new model inherited all the best features of the predecessor and evolved into the best family RIB of this size in the World. Sometimes, small changes make a big difference, that's the case for Eagle 6.7. The deep V hull is completely redesigned to improve seaworthiness, handling and stability. A brand new multi-purpose navigation mast adds a touch of elegance and highlights the renewed Eagle line DNA.

2026 model Brig Eagle 6.7 with Suzuki DF200APX outboard engine.

The Eagle 6.7 is fast, responsive and fuel efficient due to a slightly higher tube position. The XL-sized engine shaft widens the variety of compatible engines. Also E6.7 introduces a bunch of new options that may become a standard soon. First of all, it is the anchoring system that allows you to enjoy your trip even more. Glass console dashboard is designed to accommodate up to two 9" devices.
